About the Institution

Govt. College Jhandutta was established in the year 2007 with the objective of providing accessible, affordable, and quality higher education to students belonging to the rural and far-flung areas of the Jhandutta region in district Bilaspur, Himachal Pradesh. In its initial years, the college functioned for nine years in the premises of a nearby senior secondary school before being shifted to its own independent building in July 2016, which marked a significant milestone in the institution's infrastructural and academic development. The introduction of the Science stream in 2017 further strengthened the academic profile of the college and expanded educational opportunities for students in the region. The college was accredited with a C grade by NAAC in 2019, reflecting its commitment to maintaining academic standards and institutional quality. At present, the institution offers undergraduate programs in the faculties of Arts, Commerce, and Science, catering to the educational needs of students from diverse socio-economic backgrounds. With a

learner-centric approach, dedicated faculty, and a strong emphasis on value-based education, community engagement, and holistic development, Govt. College Jhandutta continues to play a vital role in promoting higher education and social empowerment in the region.
